

Welcome to Mubasa Group of Companies

Since our inception in 1997, Mubasa Group of Companies has been a trusted name in the industrial sector, delivering top-quality products that power progress and innovation. With over two decades of expertise, we specialize in manufacturing electric transformers, self-drilling screws, and electric panels, catering to a wide range of industries and applications.

At Mubasa, we pride ourselves on our deep understanding of customer needs, ensuring every solution is tailored to meet specific requirements. Our focus on precision engineering and superior craftsmanship guarantees that our products are not only durable but also meet the highest standards of quality and efficiency.

Our success is built on the strength of a dedicated team of directors, experts, and engineers, who bring unparalleled expertise and passion to mastering precision in every field. Their relentless commitment drives us to consistently innovate and exceed customer expectations.

Whether it's energizing power systems, securing critical structures, or enabling advanced electrical setups, Mubasa Group of Companies is dedicated to driving success for our clients. With a commitment to innovation and excellence, we are here to build a brighter, more connected future together.

Mubasa – Precision in Every Detail.

OUR JOURNEY

2024

Delivering precision products to meet evolving customer demands.

2016

Entered the electronics sector, embracing future technologies.

2012

Stepped into substation manufacturing for energy excellence.

2007

Expanded into hardware goods, ensuring robust solutions.

2002

Began wire-strip production, setting new standards in quality.

2021

Established a self-drilling screw plant for unmatched reliability.

2015

Started panel production to power precision engineering.

2008

Launched inverter duty transformers, redefining innovation.

2005

Introduced furnace transformers, empowering industries.

1997

Founded as a vision to lead the industrial revolution.

And many more years to count and miles to go ahead...

Why Choose Us?

- Over 20 years of excellence in delivering reliable transformer performance in the field.
- Quality is our cornerstone, ensuring customer satisfaction every step of the way.
- Exceptional sales support that goes beyond expectations.
- Comprehensive annual maintenance contracts for hassle-free operations.
- Delivering cost-effective and innovative solutions worldwide.
- Transparent and trustworthy business practices you can rely on.
- Your satisfaction is our ultimate priority and commitment.
- Smart, economical designs crafted for efficiency and affordability.

Our MISSION

- By 2025, to be recognized as India's most reputable and trusted name for delivering high-quality, energy-efficient Power & Distribution Transformer solutions.
- To establish M74 screws as a leading international brand, setting benchmarks for quality and reliability in the global market.
- To minimize India's reliance on imported self-drilling screws by offering superior, Indian-made alternatives, ensuring complete self-sufficiency and boosting the "Make in India" initiative.
- To revolutionize the industry by providing world-class electric panels, engineered for precision, durability, and exceptional performance.
- To continuously innovate and enhance our products and processes, from streamlined deliveries to advanced housekeeping, while strictly adhering to international standards of excellence.

Mubasa Group of Companies is committed to powering a brighter, more self-reliant, and sustainable future.

- Adherence to the latest Indian and international standards.
- Low electricity consumption, helping you save energy and costs.
- Guaranteed superior quality backed by impeccable craftsmanship.
- Proudly standing as a trusted and renowned Indian brand.
- Rapid response and quick service to meet your needs.
- High-efficiency products featuring advanced energy-saving techniques.
- A team of highly skilled professionals and visionary management.
- Always aligned with the latest advancements and industry trends.
- Globally connected, welcoming international businesses to collaborate and learn.
- State-of-the-art infrastructure and certified labs, approved by esteemed government agencies.

Our IDEOLOGY

- **Fairness** – We embrace an open-minded, customer-centric approach, focusing on clarity and process-driven solutions that deliver value.
- **Trust** – Built on a foundation of reliability, authenticity, and unwavering dependability, we earn your confidence with every interaction.
- **Integrity** – We are committed to honesty, transparency, and the highest ethical standards, ensuring we always do what's right.
- **Excellence** – Our dedication to exceptional performance, timely delivery, and unparalleled quality drives us to exceed expectations.
- **Equality** – We believe in fairness for all—whether it's our employees, products, or services, each is treated with the same level of respect and commitment.

At Mubasa, we don't just meet standards—we set them. This ideology is the heart of everything we create, aiming for a future defined by collaboration, trust, and excellence.

PRODUCT

M74 SELF DRILLING SCREWS

MATERIAL	CARBON STEEL C1022
HEAD TYPE	HEX HEAD, HEX FLANGE HEAD
LENGTH	16MM - 90MM
DRILLING CAPACITY	10MM - 20MM
AVAILABLE IN	ZINC PLATED & XYLAN COATED
